MELBOURNE

Department of  
Paediatrics

# Honours and Masters Information Session: 2025 Intake

**Online event on Tuesday 3 September 2024**

**In-person event on Thursday 12 September 2024**

Interested in studying Honours or a Master of Biomedical Science degree in 2025? Want to experience working in a professional hospital and research environment? Interested in improving child health?

If this sounds like you, we would love to have you join us for our 2025 intake Student Information Session. Based within the Royal Children's Hospital, the Department of Paediatrics and the Murdoch Children's Research Institute (MCRI) collaborate to offer an array of research projects to Honours and Masters students. We offer lab-based, clinical and population health projects and a supportive learning environment with plenty of professional development opportunities.

**Online webinar event:  
Tuesday 3 September 4.30pm onwards**

This webinar will provide further detail about the MCRI/Department of Paediatrics coursework program, advice on how to apply, and a panel of students will share their recent experiences as Honours students at the Department.

**In-person event:  
Thursday 12 September 4.30pm onwards**

You will have the opportunity to meet our coordinator and, current MCRI students will host small group tours of the Institute. Supervisors who have proposed 2024 projects will be available to meet you and discuss their projects.
